

GENIUS MASTER MIND GROUPS FOR WOMEN

WHAT IS A MASTER MIND GROUP

According to Napoleon Hill, Master Mind is “a mind that is developed through the harmonious co-operation of two or more people who ally themselves for the purpose of accomplishing any given task.” Hill believes “Each person in the group becomes vested with the power to connect with and gather knowledge through the ‘subconscious’ minds of all the other members of the group”.

This power becomes immediately noticeable, evidencing itself in the form of a more vivid imagination and the consciousness of what appears to be a sixth sense. It is through this sixth sense that new ideas will “flash” into the mind.

The Master Mind group will meet for the purpose of discussing High Performance Leadership. From the group, ideas concerning leadership will come pouring into the minds of each member. The minds of the ‘Master Mind’ group become as magnets, attracting ideas and thought stimuli allowing each member to think bigger and stretch beyond existing boundaries.

“You are the average of the five people you spend the most time with.” -Jim Rohn
